

ANN HRAYCHUCK
STATE REPRESENTATIVE

January 20, 2010

**Testimony of Rep. Ann Hraychuck
Before the Assembly Committee on Fish and Wildlife
Regarding Assembly Bill 655**

Good afternoon, Chairman Milroy and committee members. I appreciate the opportunity to speak today about Assembly Bill 655.

This is a simple piece of legislation to fix a simple problem in the hunting mentorship program. The mentored hunting bill was amended in the Senate to lower the license fee for 10 and 11 year olds to \$4.25. However, the cost of a duplicate license for those hunters was not changed to reflect the lower price.

Under current law a duplicate license would cost a 10 or 11 year old \$14.

The DNR alerted me to this issue, and I am happy to be offering this bill to fix this oversight.

Thank you for your time.
